

Sensavis

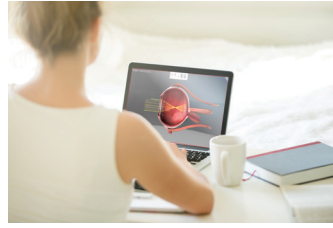

TEACH

Simplify the abstract and complex.

Include all students in the learning process.

Increase interest and motivation.

CREATE

Personalize and increase quality.

Create and adjust teaching materials.

Strengthen learning together with your pedagogy and voice.

ACTIVATE

From passive consumers to active producers.

Learn by exploring, examining, cooperating.

Let the students learn from and with each other.

Sensavis Visual Learning Tool is available in two versions, Win 10 app and Desktop Stereoscopic 3D version. To find out which version is right for you, have a look at a detailed comparison.
